Re: U.S. Patent entitled "Method of Communicating Data in an Interconnect System"; U.S. Patent Application entitled "Communication Link Protocol Optimized for Storage Architectures"

Inventors: Ashok Singhal, David J. Broniarczyk, George R. Cameron, and Jeff A. Price (new)
Patent/Serial Nos.: 6,973,484; 09/751,649
Filing Dates: December 29, 2000; December 29, 2000
Docket Nos.: 3PD-M-8750; 3PD-M-8495 US

Dear George:

Since our last letter to you, we have received the signed paperwork from your co-inventors to add Jeff A. Price as an inventor to U.S. Patent No. 6,973,484 and U.S. Patent App. Serial No. 09/751,649. We are now only missing your signed paperwork.

Although we can request the U.S. Patent and Trademark Office to waive the rule requiring your signed paperwork, we prefer to have your cooperation regarding these matters. Thus, I kindly ask you to sign the enclosed "Statement by Current Inventor to Correct Inventorship Under 37 C.F.R. § 1.324(b)(2)" for U.S. Patent No. 6,973,484, and "Declaration for Patent Application and Power of Attorney" for U.S. Patent App. Serial No. 09/751,649.

Please contact me if you have any question about these papers or the correction of inventorship.

Best regards,

A handwritten signature in black ink, appearing to read "David C. Hsia".

David C. Hsia
